WORK

EXPERIENCE

Lifeguard/Lifeguard Trainer, Walt Disney World

June 2014—Present

- Trained by Ellis And Associates Lifeguards in performing lifesaving rescues in and outside the water, CPR certification, and skills in First Aid scenarios.
- Performed role as on-the-job trainer for incoming cast members and deployment cast members training in our area. Taught everything from day to day life on the job, providing a location tour of work area, expectations of coordinators and managers in job duties, as well as teaching then assessing job knowledge and performance.
- Taught lifeguarding classes for current lifeguard cast members, known as in-service training, my role was to ensure guards were maintaining the skills learned in their lifeguard training class and ensuring that these skills were being performed safely and correctly. Classes are run in role play based scenarios that simulate real life situations
